Again the New Year finds me ^{the same} in
a new tone. But I pray the rest of
the new years may know only the
the present one - rough, isolated and
stockings, wrote letters etc. at a
great rate. After lunch - ^{the} a
mile to Phil only - heine
came for me to take a
walk - so, this time I could
talk to her - only I was sort
of afraid after my scolding
last night! But I am
very happy. Surprised to be
Marty at 3 to see rough - but
he did not write over till later
then we took a ride out to
William's mountain where I
was last week. It was lonely & the
was so dear - then he gave me
^{this} to silver pen (that's why he was
late) and he + Cathy + Fred +
many came to dinner. We went
out to Martin again for a minute
then to Mary's. Just - if I love
him any more or get any happier, I don't

Slept quite late as usual but accomplished a lot of learning & mending during the morning. This is the day Ma & Dad in Miami got the news - I'm on the watch for a telegram from them. Went down town alone after lunch at which I served the tea for Bill & Aunt Mary. Then I went with me & Bill. When we got to her house some of her cousins - & Hugh's came to call. I mended my black dress & after while rings came & smoking in - yosh. I saw him. When Aunt Marie came to dress in a long distance call - thump, thump, what my heart beat but it was only Pauline in. Larcaster - bah! Hugh & I went to Mary's to dinner - they went out leaving us to care for Bill - he howled & I unfortunately could quiet the dear little soul. And all the time - & I talkt.

Great so B. & Willie Hartman brought me home. Willie a darling - B. tried to kiss me & I told him I was a lesbian. Ther ^{me 9} Thursday, Jan. 3, 1924 Wea

Wrote to Hugh before going to sleep on Mrs. Williams' couch. Alarm went off at five & Aunt L. again came in my room & lay on my bed while I got ready - she is a dear. Then Hugh & I started for Tyronne in the fog - darkness & sleet without, but H. & I warm & happy within. It was a great ride. Train late so we talkt "ite" on platform & amused soda mint factory girls opposite. Saw Shales & Rose Ann. Got to Larcaster & to Mrs. Weimer's apt - she not there - got telegram from Ma & Dad - Love & best wishes to you & Hugh? I nearly fainted with joy. Mrs. W. came & I had to tell her. She took me to lunch. Aunt to see Mary Banno - man & baby. Since & Pauline came for me & took me to send telegram to Hugh, & to Mullersville to see Hopkins. Then to the Appels - crowd. I saw B. alone & told him - he didn't say much. Still later I told Susan, she couldn't say enough nice things. Then Hugh called me up! - Bless him! I dined & went to a big dinner at the big hotel - Dutch Stewart, my partner, wanted me a terrific time. Then she went to C. & stayed & danced - nice at - not but I got tired.

Dear Mrs. Weimer awakened me at ten and got me some breakfast - she is very sweet. Kate came and had to tell her the news, she too was delighted. It's funny how these girls hated the thought of my marrying W. I do, too, now - he is a rather, rather sweet. Then Kate went with me to the train & Lucie met us there. They are very much excited over me & Hugh - I went to H. G. wrote to Mom & Dad on train again. I was on train late arriving but I managed to get to the League to Mr. Bridgman's lecture - a good one on the miracle of the cross. Saw no one I knew at all suppose there alone & took a taxi home. Miss Peabody welcomed me. Stack of mail & packages including two darling letters from Hugh & a lovely box of flowers - I just love him more every minute. Put the flowers near the letters many times, opened the James letter, we packed, & fell into bed.

Slept late & ate no breakfast - but rushed down to meet Jane for lunch. Told her the news - altho my learning fear all the time gets ahead of me! She is thrilled. Then I went to watch her & Kate at Iceland until time to meet Beane. Of course he had Ketchie with him - no talking on the subject possible - he is so stupid. So we three met Jane again & then we four went to a tailor where the boys picked out cloth for new suits. Finally Beane & I were alone & he was dear in his pleasure at my happiness. I went over to the Judge's to dine & he, too, was sweet. Later when Beane brought me home I showed him my May present & he patiently listened to my ravings about Hago. Catherine is coming home tomorrow - every thing is splendid. Wrote to Hugh before bed.

Couldnt make early church - I am just exhausted these days. Went to church later with the Judge + Beau. Then the ladies + I walked down to James' - it is bitter cold. Rita treated me + Jane to dinner + then we took a long walk in the Park + came back for tea - Jane insisting on the treat this time. Finally I walked home, only to find that my dear C. had been here + gone! I called her up at Mrs. Harmons. It is so cold in this apt. for her Florida blood so she will stay there for a while! Poor me. I was going to Jean's to supper again but Rudy called up so I went there - Mr. + Mrs. Hussy there + Jay - all very nice. Jay played his saxophone - such! Then Bob somebody came in + we four played bridge till after twelve and I got out 204.

Stayed in bed till ten - letters from Hugh - darling - & from Kate who is coming to visit me. Went to class & was loudly welcomed by Mr. Luko. I painted quite well today, too. Mr. Bridgman expounded on mysteries to us in afternoon class. Then Charlotte & I left - she went in jewelers with me to find out my ring size! From there we went to the Art Society of artists exhibition & saw the portrait Mr. Luko painted before an audience last Saturday night. Came home, tired & made me some tea - can't get anyone to dine with me. Wrote to Kate & mailed it - lovely - wrote to Hugh & feel better. Went out alone & got some supper. Came back to get to work on some long-neglected chores. John Mulford called up! Tried to get Jack Larrick but got Bob Hartman - my engagement is in Lane. papers! Letters from Ma & Hugh - Ma's doubtful, Hugh's not too ardent - so spent a bad hour in bed, very low in mind. Bubbie - and all kinds of suspicious. Finally I prayed - got dressed - got very nice joyful letter from Aunt & went to school feeling fine & working well - but got fearfully tired so left early & took a hero ride in the nice babying car. Came home & took a nap then fixed his room for Kate & wrote cheery letter to Hugh & a long one to Ma - telling her a few things! Hurried to dress & be at the judge's promptly. Then after din. her. Bessie & I met Jane & Ritchie at the theatre to see Walter Hampden in "Cyrano de Bergerac". It was marvelous but I cried bitterly - if only we could let loose at a time like that it would be easier. Beau came in - later took Kate

myself mad sometimes. I met
Kate on a corner & we had
lunch and I left her at a movie

wrote to Hugo just before Mr. Briggs

Two letters from Hugo! They were not too endearing - I wonder what is worrying him - money? Kate & I didn't get up till very late - I, first, and I washed my very dirty hair. Then we finally got down town & had some lunch and did a bit of shopping. We took a taxi & went to Wash. Square & walked around Greenwich Village. Came home by way of Riverside Drive (!) and made us some tea. She went to have her hair curled. I went out for some mushroom & peas which we later cooked perfectly. But in the meantime wrote to my Mom. Then we had to hurry to be ready when Jack Lonsill came to take us to "Mary Jane McKane" - Mary Hay in it - very good - my party! & Beau came in later after a dinner party. Jack (big dumbbell) had to leave then - so Beau brought us home.

We got up just in time to go to the judge's to dine - lot of older people there - Mrs. Bangs, Judge & Mrs. Goddard & Mr. Smith, a Phil. Lawyer. Kate of course was crazy about Judge W. Then Beau silently took us for a walk - I got a bit silent myself but when he took us to Long-champ to tea we all cheered up considerably. Then Kate & I got to work cleaning up, washing dishes, stocking, etc. & writing in our diaries all the time talking of our souls, etc! Kate says to write in her that she is having a good time. Then she started to dictate a letter to Hugo from me but I couldn't - so wrote a long one & mailed it.

Walked home thru the Park with thoughts of my Auntie. Wrote to him and then went down to C. his too delicious meal - how I eat down there! We played two games of V.B. + I came out 17 in end - making score 24 in the favor! How she loves these games and I do, too. No letter from Hugo! ah, yes a

do about my painting tomorrow.
Went to after-noon class &
made a new drawing - third

Charlotte & Ruth Prince to a
very good tea across the street.
Then we went to Birdgie's
lecture on backs. I walked
home & found C. had my pen
ready and - a letter from my
beloved! He may come here on
Sunday - yosh-mooos! what
thrills! And he didn't go to the
dance last night - stupid mails
delayed the letter. After eating
while C. entertained a business
acquaintance I wrote to Hugo,
mailed it, & wrote to Helen & to

C. tried to calm her but she says she won't sign for any more specials or telegrams! Damn it. I had to telegraph Hugo later to warn me of Beau. C. & I went to press with refuge to lunch. saw Jack Mc Ginn & a girl breakfasting! then then I walked to Libby's & the Lane house? and got her to come up here. She is a dear. going away tho.  told me to sit in a chair with

 Mr. Bridman came before us
 today - a full day & I was
 exhausted - but wrote to
 Hugo & sent a line to Kate who
 didn't return Hugo's picture
 I loaned her! Then I took a
 car & my knitting down to

 she gave me a book called
 "Catering for Two." I came home

 got sick, but tomorrow I

Deah! Tired, vain, no-wait.

 It was not so bad and
 Aunt Maud was very sweet,
 admired my ring, etc.
 We had lunch at Maillards

 see the John Sargent picture
 exhibition - not so thrilled
 and very tired. so when I left

But then I served & later Bubbie came in and asked me to go to a dance some time. Ah! He had a golf date with Kate who came in with Kate, but it is raining. He wanted to go to the movies she didn't seem keen until he asked me (ah!) but she went & I stayed & talked to Kate & Susie. Little Nell goes back to college today - too - too. After supper I wrote again to Hugo. Went to Katriinka. Then fooled around with my diaries - I am on the verge of tears constantly but I don't know why. I love Hugo dearly. Love Bubbie too!!

Read the nice letter from Hugo in bed - one from Beau too, and jumped into cold shower quickly in order not to think - it is bad to think too early in the day. Then out, so Susie came & we served. Then we got ready to go to Katherine Snyder's big bridge. Guckloun at the Iris Club. It was awfully nice. Miss Edith keeps better than used to. After supper at home I got wrote to Hugo - a happy letter - and then got ready for my bridge game to Katri. Bobbie & Mr. Ted Storb, nice & quiet. We had a good game & then B. took us for a ride & I sat in front and we talked quite frankly about us. He admitted he made him mad Jan. 3. when he wouldn't let him kiss me! Ha, ha! Letter from Hugo. wonders if he

 ficulfeis will arise if he didn't
 upset morning as Mary Baus-
 man, who is moving, brought
 Baby Jack over here for the
 day and a baby in the house
 is a fascination. Went down
 town alone & any some lace.
 In the afternoon Kate came
 & I gave the baby his bottle
 then we went down town & to
 market & finally ended up at
 the Appels. Buddies & I & I
 were all an' going about Hugo.
 Lucie tested my blood - 91-
 and more white than reds.
 got telegram from Hugo just as
 got home - his coming tonight.
 After supper Kate came & we
 made judge & at ten Dad &
 went to station to meet anything
 come. Brought him here & he
 stayed a bit after faintly retired.
 Hugo's coming - the coming of Hugo.

Hugo kept me a lovely carriage of
 forget-me-nots & sweetest when
 they are too adorable. but I insisted
 on wearing them & now they are faded.
 Hugo came bounding in before
 I finished breakfast - his
 aunt got to come in too. They
 & I was tea the dishes. Oh,
 gosh, he is sweet! We went to
 market with Ma and to
 dinner at Dad's Club. Then we
 walked up to the Appels - every
 one was there - waiting to
 see him. We left there & finally
 got a car (rent) to go to Eden
 & walked to our deserted farm.
 Later we walked all the way
 home & washed to station to
 meet Beau who didn't come.
 Then we learned that we were
 expected at C. Club to dine with
 Phil & Susie & Kate & Buddies - as
 we did - very nice, this not
 very exciting till we all came
 home in the Ford! H. & I came
 home but soon Kate & Buddies

 back seat. But, strange I didn't
 mind and I love that love Hugo

Hugie came to go to church with us - so many people were introduced afterward. We walked up to Lucie's to see Mrs. Appel & Bubbie came & took us for a ride. Diner at the Club & then we came back here & Dad & he unwillingly left us there alone. Hugie is just too adorable - altho I get very tired suddenly - it is a warm day. We went to his hotel & then took a walk & a talk out Duke St. met Bubbie. Came back here and started to make supper - birthday candles for Dad. Then the Eschmanns came - and Bagley for a minute! - but Hugie & I washed the dishes between kisses and sat in the kitchen & cooed. I forgot Bubbie forgot every thing except that I love Hugie dear. Went at nine I walked to the train with him. Gone and my tired content.

After church I sat & served with Ma a bit & then after visiting I hugie went to get Lucie to walk. We went to see a woman about embroidery for us. When we got back to my house Bubbie came & we got a book & read it. Delightful! Typical! Bubbie's words. After supper Ma & Kate & I went to church. Dr. Floyd Tompkins preached "God prayed that Peter's faith might not fail him". No matter how great the crimes faith saves him! Then Mrs. Weidner treated to sundae. Walked home with Kate but we met Bagby and Ted & I got. I am very tired.

Two perfectly marvelous letters from my love! Good, love him. Finally hid my clothes in spite of Kate calling at an unearthy hour. Then Ma & I went down town to buy a couple of wedding presents. After lunch I wrote some business letters and went to Junior League. Room with Kate & Edith Kiefer. We talked just as fast as we could dig it up. When we left Kate & I met Budbie who went out to Mrs. Eyster's with us. Kate & I talked sex again. Poor Kate is rather tripped on the subject - I am calmer for it is not so instinctive with her as it is with me. Wrote to Hugo before going to church with Ma - church dull. Then I played bridge with Budbie & Phil at Kier's, but that was dull too. On way home B. was dull.

B. & I took a ride & talked till 6 o'clock. I do covered my amazement that I'm the only girl he ever did his little tricks with fingers to! And other little remedies all had me believe he really loved me all the time. For B. it's your turn now to suffer! I went to church with Ma & then Kate met me & we took a little walk. I am over flowing with love. Hugo tonight - the more I think of him the more I love him.

Up early for breakfast with Bean & the Judge. Then Ma & I took a bus & went to see dear little cousin Maunie and from there to the Lwille where we met Miss Donnelly and went with her to 7th Ave & 38th St. to a great number of wholesale dress places where we looked at wedding dresses & bridesmaids dresses galore. We lunched at the York and continued our search until five when we came home exhausted! A letter from Beigie after dinner Bean had to go to the armory so Ma & I took a bus ride after I had written the letter. Saw a light in the old studio so I went up to see Ro. Trinka - just the same as ever - a dear. But I am very very tired tonight.

Another large breakfast with the family and then Ma and I set out to meet Miss Donnelly again and went to more dress houses & met with better success for by twelve-thirty we had chosen six bridesmaid dresses, a dress for Ma and an adorable dress for me - the wedding dress! I can hardly believe it is for me. After lunch we said good-bye to Miss E. and then did some shopping on our own host shoes and laces, etc. Home, rest before dinner. Judge & Bean - Ma & I decided not to go home today. Poor Dad. So Bean took us to the theatre to see Julia. son in 'Moonlight' a fair musical comedy. But I enjoyed it like a country girl. Miss caught at my hand in Haggis - picture with me! It's a treat!

I called up Nan - too tired to lunch with her. Ma & I shopped - got some lunch, shopped - bought little girls' gifts - little gold bracelets and then took train home earlier than we expected. A man, Tommy Black, on the train, amused us with tales of his life. We overheard us of course, but Dad was glad to see us. We told him all about our trip. There was a letter from Hugo & our groom hunt. Two lovely guest towels from Henry's dear them. Very tired, I dropt into bed - very happy.

No mail. Hugo is negligent. Was doing my chores when Kate came with her dozen lovely bath towels for me. It is too wonderful. Then Ma & I went out to Mrs. Hess to have my dresses fitted. After lunch Sister & Phil came rushing over to get me to go to the circus with them. I didn't want to awfully much as I'd seen it - April 1st - but consented and enjoyed it thoroughly. We couldn't get seats so we sat in the shade in front & had a great time. After supper - bird. I wrote to Hugo & then Ma & I went over to see Annie's things. When I came Ma & Dad had started addressing my invitations. I felt a twinge but got over it and after supper addressed 125 myself. Gosh, what a job! I addressed Babbie's. "Put Babbie inside!" Not very successful. I went up to Susie's and was invited to lunch. Came home afterward and got the letter from Hugo - a good answer to mine but not entirely satisfying - it made me weep. Susie & Lattie came & I worked on my sewing basket. Wallis came with them & showed the letter to Susie - she is a dear. When I answered it rather impulsively - I feel rotten - the family all left after supper & I had a good cry. Hagie & I awoke peacefully in our double bed and proceeded to lie there till very late - it is raining so very heavy - twice again - "excuse me dreadful?" when we were finally up we moved our belongings to a room in the main hotel - a very nice one and unpacked. After lunch we wrote post cards & I wrote to Ma - then we wandered around the village between Charners and I got a telegram from Ma about Nell's address - Mrs. H. M. Quigley - and it is! We took a canoe ride and Hagie mentioned the broken toilet & I got very happy - so much so that up in the room I had a crying spell - but Hagie is so perfectly darling. After dinner we took a lovely ride trying to find Nell - in vain. I am very tired tonight but - once

After a late dinner - we

We went to the Greylock & treated H. went out & when he came back I cried: 'oh my!' Because of the curse and oh how I love him! After dinner we visited the Gettys house & called on & bet. Other boys with him. We had lunch in Lenox - lovely country. We passed Larry again. We got lost several times but finally crossed the river & got to Newburgh - came up a terrific hill. Huggie getting a little gloomy but he cheered up wonderfully after dinner & we went to a poor Vanderbilt show. There we had our usual session. Looking at it is dear and fine.

I got up alone and went to early church as it is the only service today. Then I came home & went to bed again. Later Eugie woke me by singing into my bed again. We had breakfast with Heime at one o'clock and spent the afternoon moving. Good it gives me a funny feeling to see all my personal things in that house. But I began to have an awful ache in my lower regions - had one last month and can't understand it. We went to Maup's to supper but, oh, how I ached! I told Mary & Eugie & I went down to the house. He got a bit depressed after writing out many cheques. Poor dear - I hope the money end won't worry him too much. So bed early - very tired.

We went up to the old town to get something & I found the wallet which he thought he lost in Lyons on Sat. So we went home rejoicing.

Helen wanted to play more so she stayed with Mr. Andrews & we brought the Dodge home & rode around showing Kate the sights - one of which was Bill. Then we dressed to go to cousin Harry's a lovely dinner party in Hughie's - my honor! Fred & Mary & Helen & Scotty were the guests - also Willie. Kate actually ate! Hughie & I breakfasted and later Kate got up - feeling very much better, thank goodness. We went up to Mary's - I was there - and over to M. 2's to pick flowers and finally down town. Saw Hughie but lost him again & Ellis brought us a new basket home. After lunch we went to S. College to see the game with Syracuse. It was a most exciting one but Penn State got beat 10-6. We sat with the Vellers, Fred & Mary & Helen & Scotty & the Compells. Helen all except the Vellers & Scotty went to M. 2's to dinner. We had two tables of bridge after ward & gave a horrible bowl - wedding, present - to Helen as prize. Finally came home at eleven thirty after a very long evening. O.

Hugie hasn't gone back to work yet, but I don't see any more of him in spite of it. We spent down town and then served. In the afternoon Hugie made a rabbit box under my supervision and Heine came in & we went for a nice walk with Whisk in the snow. We came back to Aunt L's and found tea waiting for us there - it was delicious. We stayed there till dinner time. Aunt Gerie came here to dinner & we had filed system. Afterward we went up to M-2's and Heine & I played geography. Lolly was there too and Hugie got very sleepy but woke up considerably when we came home and again our night was nice but restless! ☉.

Another tardy breakfast & then I began cleaning and finally had time to sew. Hugie & I went to M-2's to lunch - sawerbrant - and Hugie went hunting with Fred - I was once more overcome with sleep and when I awoke Whiskers had eaten more garbage & been sick - later pliny & I took a long walk with sick Whisk - to Milesburg & back, and then we had to get her car to go down town & buy my dinner. Gee! but I was tired! After dinner Hugie & I went up to M-2's again but came home early & I went to bed while H. went to Aunt L's for Ma - then he lay on my bed in one of his leaning woods.

We did crossword puzzles and Aunt Sarah & Jim Home came - Jim is a peach. Mr. Keller & Orvis came in, too, and it was dark by the time Huguie & I went out to take a little walk. Finally we went to M-D's to supply - more crossword puzzles and then Ma, Aunt S. & Uncle Ted came to call. We went home early but we fooled around and it was sometime before we got to bed. So Ma helped me my whiskies etc. and after lunch I took up my working half-heartedly at M-D's bridge table cover. Later Aunt S. came in with her shawls & some cookies and had tea. I finished my cover. Then went to Ma's to dinner and after Huguie & I had finished I felt quite ill and went to bed. Helen came in and Huguie went to M-D. A rather sad breakfast. Hugie not well and I, well, I am too selfish I guess. Ma & I waited for ages and finally Aunt Louise & Mary came in the big car to take us to Williamsport. We had a splendid day Ma was shopping. When we got home I found a note from Hugie saying he had to take Mr. Warner to Lewis town so Ma & I went down to Aunt's to dinner without him. Mr. Weaver - a watch factory man was there. Hugie came in for a minute & then off to Rock Haven with Charley to see Jim. Ma & I had a nice day trip and finally went to bed. After dinner we went down town to do a bit of marketing, put the food away & walked home in the moonlight.
